Dear Judi,

I've been using your terrific REBORN products for more than 23 years now and what I find most amazing is that I'm now 59 years of age and I look ten years younger than that!

When I first began using Reborn Skin Renewer my skin was dry and dull and had premature wrinkles. Within a month I saw wonderful improvement and soon all the lines were gone.

I love the Skin Renewer, and I never had any success all those years I bought the junk from department store counters. Your products really deliver what they promise!

I have retired and have let my hair go natural. Such an adjustment! But, my skin cannot be compromised. Thank you for your endeavors to create a clean, simple and practical method of retaining healthy, youthful skin.
